

Newfield School

Safeguarding and Child Protection Policy

Date ratified	18 September 2023
Governors	Local Governing Body
Signature of Chair	
Date for Review	September 2024

Safeguarding Team at Newfield School

Headteacher: Emma Anderson

Responsible for implementing policies and procedures, allocating resources to the safeguarding team and addressing staff safeguarding concerns.

Designated Safeguarding Lead: Alice Fort

Senior member of staff responsible for dealing with safeguarding issues, providing advice and support to other staff, liaising with the local authority and other agencies.

Designated Safeguarding Deputy: Emma Hill. Deputises for the Designated Safeguarding Lead in their absence

Safeguarding Deputies: Chris Beaumont, Mandy Otley, Sue Langley, Karen Barker, Kevan Wildes, Natasha Ward, Jenna Watkinson, Ria Thorpe, Otis Marriott

At Newfield each Head of Year liaises with external agencies.

Online Safety Officer: Alice Fort

Develops and maintains an online-safe culture within the school.

SENDCO: Hannah Tuffin

Provides advice and support for staff and other agencies working with students with special educational needs and their families.

Designated Teacher for CLA /CPLA: Alice Fort

Promotes the educational achievement of students who are 'looked after'.

Child Sexual Exploitation (CSE) Lead: Alice Fort / Emma Hill

Develops and maintains policies & staff awareness of CSE, the Sheffield Safeguarding Children Board responsibilities and the Sexual Exploitation Service key priorities.

Criminal Exploitation (CCE) Lead: Alice Fort / Emma Hill

Develops and maintains policies & staff awareness of CCE, the Sheffield Safeguarding Children Board responsibilities and the Criminal Exploitation Service key priorities.

Operation Encompass Link Teacher: Alice Fort / Emma Hill

To be the key link for all operation encompass referrals. To share information with in school staff to ensure the correct support is in place.

Safeguarding Governor: John Fuller

Reviews the safeguarding policies and procedures and remedies any deficiencies or weakness in regard to child protection arrangements.

1.0 SAFEGUARDING AND CHILD PROTECTION POLICY STATEMENT

The aim of this policy is to safeguard and promote our students' welfare, safety, mental and physical health and guidance. The students' welfare is of paramount importance. Our school fully recognises the contribution it can make to protect and support students by fostering an honest, open, caring and supportive climate.

Safeguarding and child protection is everyone's responsibility. This policy applies to all staff, volunteers and governors in the school and is consistent with the procedures of the 3 safeguarding partners. Our policy and procedures also apply to extended school and off-site activities.

There are 3 main elements to our Safeguarding and Child Protection Policy:

Prevention

Creating a positive ethos and culture where teaching and pastoral support systems are in place and Safeguarding is seen as the responsibility of everyone.

Protection

Following agreed procedures, ensuring staff are properly recruited, trained and supported to respond appropriately and sensitively to Child Protection concerns.

Support

Support for students and school staff and students who may have been abused.

This policy applies to teaching staff, non-teaching staff, supply staff, support staff and volunteer staff, and anyone else who is responsible for or is in contact with students in our school.

All staff will:

- Read and understand part 1 and annex B of the Department for Education's statutory safeguarding guidance, Keeping Children Safe in Education, and review this guidance at least annually
- Complete training on changes and take part in assessment of key aspects of KCSIE 2023, at least three times a year and sign a declaration at the beginning of each academic year to say that they have reviewed the guidance
- Provide a safe space for students who are LGBTQAI+ to speak out and share their concerns

All staff will be aware of:

- Our systems which support safeguarding, including this child protection and safeguarding policy, the staff CDM policy, the role and identity of the Designated Safeguarding Lead (DSL) and the Deputy Safeguarding leads
- The early help assessment process and their role in it, including identifying emerging problems, liaising with the DSL, and sharing information with other professionals to support early identification and assessment
- The process for making referrals to local authority children's social care and for statutory

- assessments that may follow a referral, including the role they might be expected to play
- What to do if they identify a safeguarding issue or a child tells them they are being abused or neglected, including specific issues such as Female Genital Mutilation (FGM), and how to maintain an appropriate level of confidentiality while liaising with relevant professionals
- The signs of different types of abuse and neglect, as well as specific safeguarding issues, such as child-on-child abuse, child sexual exploitation (CSE), child criminal exploitation (CCE), indicators of being at risk from or involved with serious violent crime, FGM, radicalisation and serious violence (including that linked to county lines)
- The importance of reassuring victims that they are being taken seriously and that they will be supported and kept safe
- The fact that children can be at risk of harm inside and outside of their home, at school and online
- The fact that children who are (or who are perceived to be) LGBTQAI+ can be targeted by other children
- What to look for to identify children who need help or protection

1.1 DEFINITION OF SAFEGUARDING

Newfield School adopts the definition used Keeping Children Safe in Education 2022. This can be summarised as:

- Protecting students from maltreatment
- Preventing impairment of students' mental and physical health or development
- Ensuring that students are growing up in circumstances consistent with the provision of safe and effective care
- Taking action to enable all students to have the best outcomes

Safeguarding is more than protecting students from deliberate harm. It relates to a number of aspects of school life that include health and safety, the use of reasonable force, meeting the needs of students and staff with medical or additional needs, first aid, educational visits, intimate care, internet and online safety and school security.

1.2 LEGISLATION AND STATUTORY GUIDANCE

This policy and its implementation procedures set out the arrangements to safeguard and promote the welfare of students and has been prepared in compliance with, and with regard to:

- The Department for Education's statutory guidance Keeping Children Safe in Education (2023) and Working Together to Safeguard Children (2018), and the Governance Handbook. We comply with this guidance and the arrangements agreed and published by our 3 local safeguarding partners.
- This policy is also based on the following legislation:

- Part 3 of the schedule to the Education (Independent School Standards) Regulations 2014, which places a duty on academies and independent schools to safeguard and promote the welfare of students at the school
- The Children Act 1989 (and 2004 amendment), which provides a framework for the care and protection of children
- Section 5B(11) of the Female Genital Mutilation Act 2003, as inserted by section 74 of the Serious Crime Act 2015, which places a statutory duty on teachers to report to the police where they discover that female genital mutilation (FGM) appears to have been carried out on a girl under 18
- Statutory guidance on FGM, which sets out responsibilities with regards to safeguarding and supporting girls affected by FGM
- The Rehabilitation of Offenders Act 1974, which outlines when people with criminal convictions can work with children
- Schedule 4 of the Safeguarding Vulnerable Groups Act 2006, which defines what 'regulated activity' is in relation to children
- Statutory guidance on the Prevent duty, which explains schools' duties under the Counter-Terrorism and Security Act 2015 with respect to protecting people from the risk of radicalisation and extremism
- The Human Rights Act 1998, which explains that being subjected to harassment, violence and/or abuse, including that of a sexual nature, may breach any or all of the rights which apply to individuals under the European Convention on Human Rights (ECHR)
- The Equality Act 2010, which makes it unlawful to discriminate against people regarding particular protected characteristics (including disability, sex, sexual orientation, gender reassignment and race). This means our governors and headteacher should carefully consider how they are supporting their students with regard to these characteristics. The Act allows our school to take positive action to deal with particular disadvantages affecting students (where we can show it's proportionate). This includes making reasonable adjustments for disabled students. For example, it could include taking positive action to support girls where there's evidence that they're being disproportionately subjected to sexual violence or harassment
- The Public Sector Equality Duty (PSED), which explains that we must have due regard to eliminating unlawful discrimination, harassment and victimisation. The PSED helps us to focus on key issues of concern and how to improve student outcomes. Some students may be more at risk of harm from issues such as sexual violence; homophobic, biphobic or transphobic bullying; or racial discrimination

1.3 EQUALITY STATEMENT

Some children have an increased risk of abuse, and additional barriers can exist for some children with respect to recognising or disclosing it. We are committed to anti-discriminatory practice and recognise children's diverse circumstances. We ensure that all children have the same protection, regardless of any barriers they may face.

We give special consideration to children who:

- Have special educational needs or disabilities (SEND) or health conditions
- Are young carers

- May experience discrimination due to their race, ethnicity, religion, gender identification or sexuality
- Have English as an additional language
- Are known to be living in difficult situations – for example, temporary accommodation or where there are issues such as substance abuse or domestic violence
- Are at risk of FGM, sexual exploitation, child marriage, or radicalisation
- Are asylum seekers
- Are at risk due to either their own or a family member's mental health needs
- Are looked after or previously looked after
- Are absent from education
- Whose parent/carer has expressed an intention to remove them from school to be home educated

1.4 SCHOOL COMMITMENT

We recognise that high self-esteem, confidence, supportive friends and clear lines of communication with a trusted adult help all students, and especially those at risk of, or suffering from, abuse.

At Newfield School we will therefore:

- Recognise that students with special educational needs or disabilities (SEND) or certain health conditions can face additional safeguarding challenges
- Establish and maintain an ethos where students feel secure, are encouraged to talk and are listened to
- Ensure that students know that there are adults in the school who they can approach if they are worried or are in difficulty
- Ensure staff are child-centred in their approach to supporting students
- Include activities and opportunities for Personal Development in the curriculum which equip students with the skills they need to stay safe from abuse and which will help students develop realistic attitudes to the responsibilities of adult life, particularly with regard to childcare and parenting skills
- Ensure safeguarding concepts and themes are explicitly taught across our curriculum
- Ensure that wherever possible every effort will be made to establish effective working relationships with parents and colleagues from other agencies
- Ensure effective challenge is used, when working with external agencies, to ensure all students receive the timely support they require
- Establish and maintain a safeguarding culture amongst all staff and students.
- Ensure all staff and governors have up-to-date and regular safeguarding and child protection training
- Create a culture of safe recruitment which includes the adoption of recruitment procedures that help to deter, reject or identify people who may pose a risk to the safety of students and young people

At Newfield we are committed to:

Providing a safe learning environment that builds confidence and self-esteem:

- Where students' physical safety is protected
- Where students' mental health is protected and supported
- Where students can talk and are listened to
- Where students do not experience bullying, harassment, racism or any other form of discrimination
- Where students' medical and health needs are met.

Providing a positive and preventative curriculum that teaches and supports students:

- To understand contextual issues relevant to our school, local community, city and nationally
- To make good choices about health, safe lifestyles, positive relationships, sex education and consent
- To recognise when they are at risk and how to get help when they need it
- To ask for help if their health or wellbeing is threatened, including their emotional wellbeing

Promoting the fundamental British values of democracy, rule of law, individual liberty, mutual respect and tolerance by:

- Encouraging students to know that their views count, to value each other's views and values and to talk about their feelings
- Providing activities that involve turn-taking, sharing and collaboration
- Supporting students to understand their own and others' behaviour and its consequences and to learn to distinguish right from wrong
- Providing activities that involve students in creating rules and codes of behaviour and developing understanding that the rules apply to everyone
- Actively promoting a culture of inclusivity and tolerance where views, faiths, cultures and races are valued and students are engaged with the wider community
- Promoting diverse attitudes and challenging stereotypes by providing resources and activities that reflect and value the diversity of students' experiences and challenge gender, cultural and racial stereotyping

1.5 THE SAFEGUARDING GOLD STANDARD

Newfield School is committed to the Mercia Learning Trust Gold Standard and believes that building on highly effective compliance, a culture of safeguarding demonstrates a commitment to safeguarding young people beyond child protection. The school demonstrates that keeping children safe is at the forefront of all they do. The schools' strategic leadership exemplifies robust self-evaluation and planning for all disciplines detailed below. In The Mercia Learning Trust we believe this is best achieved through 10 disciplines: -

1. Compliance
2. Child Protection
3. Leadership
4. Training
5. Equalities duties
6. Staffing / HR
7. Online safety
8. SEND / Susceptible young people
9. Estates and site-safety
10. Curriculum

1.6 ROLES & RESPONSIBILITIES

The Designated Safeguarding Lead

The DSL is a member of the senior leadership team. The DSL takes lead responsibility for child protection and wider safeguarding in the school. During term time, the DSL will be available during school hours for staff to discuss any safeguarding concerns.

To contact the DSL at any time, contact the school on 0114 2557331. Out of school hours if your enquiry relates to an immediate emergency dial 999 or the Safeguarding Hub on 0114 2734855

The DSL will:

- Provide advice and support to other staff on child welfare and child protection matters
- Take part in strategy discussions and inter-agency meetings and/or support other staff to do so
- Contribute to the assessment of children
- Refer suspected cases, as appropriate, to the relevant body (local authority children's social care, Channel programme, Disclosure and Barring Service, and/or police), and support staff who make such referrals directly
- Have a good understanding of harmful sexual behaviour
- Keep the headteacher informed of any issues
- Liaise with local authority case managers and designated officers for child protection concerns as appropriate
- Discuss the local response to sexual violence and sexual harassment with police and local

authority children's social care colleagues to prepare the school's policies

- Be confident that they know what local specialist support is available to support all children involved (including victims and alleged perpetrators) in sexual violence and sexual harassment, and be confident as to how to access this support
- Be aware that children must have an 'appropriate adult' to support and help them in the case of a police investigation or search

The Headteacher:

- The headteacher is responsible for the implementation of this policy, including:
- Ensuring that staff (including temporary staff) and volunteers:
- Are informed of our systems which support safeguarding, including this policy, as part of their induction
- Understand and follow the procedures included in this policy, particularly those concerning referrals of cases of suspected abuse and neglect
- Ensuring that the DSL has appropriate time, funding, training and resources, and that there is always adequate cover if the DSL is absent
- Ensuring that all staff undertake appropriate safeguarding and child protection training, and updating the content of the training regularly
- Acting as the 'case manager' in the event of an allegation of abuse made against another member of staff or volunteer, where appropriate

The governing board will:

- All governors will read Keeping Children Safe in Education in its entirety.
- Facilitate a whole-school approach to safeguarding, ensuring that safeguarding and child protection are at the forefront of, and underpin, all relevant aspects of process and policy development
- Evaluate and approve this policy at each review, ensuring it complies with the law, and hold the headteacher to account for its implementation
- Be aware of its obligations under the Human Rights Act 1998, the Equality Act 2010 (including the Public Sector Equality Duty), and our school's local multi-agency safeguarding arrangements
- Appoint a link governor to monitor the effectiveness of this policy in conjunction with the full governing board.

Make sure:

- The DSL has the appropriate status and authority to carry out their job, including additional time, funding, training, resources and support
- Online safety is a running and interrelated theme within the whole-school approach to safeguarding and related policies
- The leadership team and staff are aware of and understand the IT filters and monitoring systems in place, manage them effectively and know how to escalate concerns
- The school has procedures to manage any safeguarding concerns (no matter how small) or allegations that do not meet the harm threshold (low-level concerns) about staff members (including supply staff, volunteers and contractors).

- That this policy reflects that child with SEND, or certain medical or physical health conditions, can face additional barriers to any abuse or neglect being recognised
- The chair of governors will act as the 'case manager' in the event that an allegation of abuse is made against the headteacher, where appropriate.

2.0 SAFEGUARDING CONCERNS

Schools do not operate in isolation. The welfare of students is a corporate responsibility of the entire local authority, working in partnership with other public agencies, the voluntary sector and service users and carers. All local authority services have an impact on the lives of students and families, and local authorities have a particular responsibility towards students and families most at risk of social exclusion.

Child protection is the responsibility of all adults, especially those working with students. The development of appropriate procedures and the monitoring of good practice are the responsibilities of Newfield School and the local Safeguarding Children Board.

2.1 THE KEY PRINCIPLES OF CHILD PROTECTION:

- Students have the right to be safe and should be protected from all forms of abuse and neglect
- Safeguarding students is everyone's responsibility
- It is better to help students as early as possible, before issues escalate and become more damaging
- Students and families are best supported and protected when there is a coordinated response from all relevant agencies

We will ensure that all staff, students and volunteers and those who undertake work on our behalf, **maintain a proper focus on safeguarding students** and that this is reflected in both **sound individual practice and our internal policies and guidance**.

All staff, students and volunteers working with students must:

- Give highest priority to students' welfare
- Ask for advice and support to act on safeguarding concerns and take appropriate action
- Access relevant, up-to-date safeguarding and child protection training
- Recognise, identify and respond to signs of abuse, neglect and other safeguarding concerns relating to students
- Respond appropriately to disclosures of abuse by a student
- Respond appropriately to allegations against staff, other adults, and against themselves.
- Follow whistle blowing procedures to respond to concerns about potential wrongdoing in the setting
- Act appropriately and understand safe practice in carrying out their duties
- Be alert to the risks which abusers, or potential abusers, may pose

- Be aware of the importance of the role of early years services in promoting the welfare of students
- Contribute as necessary to all stages of the setting's safeguarding and protection processes

Newfield recognises that some of our students may face a range of safeguarding issues. KCSIE 2023 outlines some of these which involves a range of issues which can include:

- Bullying (including cyber-bullying and prejudice-based bullying)
- Child Criminal Exploitation (CCE)
- Child Sexual Exploitation
- County Lines
- Domestic Abuse / Violence
- FGM – Note all issues of FGM must be reported to police immediately for all girls under the age of 18
- Child marriage
- Issues specific to our local area and population e.g. anti-social behaviour, gang activity, youth violence
- Neglect
- Physical, Sexual, Emotional abuse
- Child on child abuse
- Protecting students from the risk of radicalisation or extremist behaviour (PREVENT)
- Racist, disability and homophobic or transphobic abuse
- Sharing of nudes and semi-nudes and social media
- Sexual violence and sexual harassment between students
- Substance misuse
- Up skirting

Attendance at Child Protection Conferences

Our school will follow the recommendations for good practice from the local area Child Protection Committee with regards attendance at Child Protection Conferences.

2.2 EARLY HELP

Providing early help is more effective in promoting the welfare of students than reacting later. Early help means providing support as soon as a problem emerges, at any point in a child's life, from the foundation years through to the teenage years. Early help can also prevent further problems arising.

All staff are equipped to identify students who may benefit from early help and are trained to spot the signs and indicators that can make students vulnerable. At Newfield School Heads of Year support students and can offer a range of interventions. As part of this support key staff will refer students and families to the Family Intervention Service (FIS) and the Community Youth Teams (CYT).

Newfield School follows the guidelines set out in KCSIE 2023 and recognises that some students

maybe in need of early help. All staff will remain alert to any students who:

- Are disabled and have specific additional needs;
- Have special educational needs (whether or not they have a statutory Education, Health and Care Plan);
- Is a young carer
- Is showing signs of being drawn in to anti-social or criminal behaviour, including gang involvement and association with organised crime groups
- Is frequently missing/goes missing from care or from home
- Is at risk of modern slavery, trafficking or exploitation
- Is at risk of being radicalised or exploited
- Is in a family circumstance presenting challenges for the child, such as drug and alcohol misuse, adult mental health issues and domestic abuse
- Is misusing drugs or alcohol themselves
- Has returned home to their family from care;
- Is a privately fostered child.

2.3 MENTAL HEALTH

At Newfield School all staff are committed to ensuring all student are safe and confident in discussing their mental health. Staff will work collaboratively and with other professionals to prevent impairment to a student's mental health.

All staff are aware that mental health can be, in some cases, an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation.

All staff should report any concerns around student's mental health by following the same process of all safeguarding disclosures. The DSL and Deputy Designated Safeguarding Lead (DDSL)'s will ensure timely support is sourced from external agencies, where appropriate.

2.4 CHILD ON CHILD ABUSE

Newfield school recognises that children can abuse their peers. Abuse will never be tolerated or passed off as "banter", "just having a laugh" or "part of growing up", as this can lead to a culture of unacceptable behaviours and an unsafe environment for students.

We also recognise the gendered nature of child-on-child abuse. However, all child-on-child abuse is unacceptable and will be taken seriously.

Most cases of students hurting other students will be dealt with under our school's behaviour policy, but this child protection and safeguarding policy will apply to any allegations that raise safeguarding concerns. This might include where the alleged behaviour:

- Is serious, and potentially a criminal offence

- Could put students in the school at risk
- Is violent
- Involves students being forced to use drugs or alcohol
- Involves sexual exploitation, sexual abuse or sexual harassment, such as indecent exposure, sexual assault, upskirting or sexually inappropriate pictures or videos (including the sharing of nudes and semi-nudes)

Procedures for dealing with allegations of child-on-child abuse

If a student makes an allegation of abuse against another student:

- You must record the allegation and tell the DSL, but do not investigate it
- The DSL will contact the local authority children's social care team and follow its advice, as well as the police if the allegation involves a potential criminal offence
- The DSL will put a child on child risk assessment and support plan into place for all children involved (including the victim(s), the child(ren) against whom the allegation has been made and any others affected) with a named person they can talk to if needed. This will include considering school transport as a potentially vulnerable place for a victim or alleged perpetrator(s)
- The DSL will contact the children and adolescent mental health services (CAMHS), if appropriate

If the incident is a criminal offence and there are delays in the criminal process, the DSL will work closely with the police (and other agencies as required) while protecting children and/or taking any disciplinary measures against the alleged perpetrator. We will ask the police if we have any questions about the investigation.

Newfield School has a zero-tolerance approach to child-on- child abuse and all reports of this are treated promptly and seriously.

Newfield School actively promotes an understanding of child-on- child abuse through our Personal Development Curriculum, through our assemblies and through our imbedded safeguarding curriculum. We work with students to know how we all play an important role in minimising the risks associated with child on child abuse.

All staff are updated and are aware that students can abuse other students (often referred to as child-on- child abuse). This is most likely to include, but may not be limited to:

- **Bullying** (including cyberbullying);
- **Physical abuse** such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm
- **Sexual violence**, such as rape, assault by penetration and sexual assault
- **Sexual harassment**, such as sexual comments, remarks, jokes and online sexual harassment, which may be stand-alone or part of a broader pattern of abuse
- **Up skirting**, typically involves taking a picture under a person's clothing without them knowing, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress or alarm

- **Sharing of nudes and semi-nudes** (also known as youth produced sexual imagery)
- **Initiation/hazing** type violence and rituals

Newfield School recognises the impact of child on child incidents and disclosures can have on the alleged perpetrator and alleged victim. All investigations will be handled in line with all safeguarding procedures in school and confidentiality of the alleged victim and perpetrator will be at the forefront of all staff do.

The DSL will be made aware of all child-on- child abuse incidents and all incidents will be categorised on CPOMS. This data will be reported to governors.

Minimising the risk of child on child abuse

We recognise the importance of taking proactive action to minimise the risk of child-on-child abuse, and of creating a supportive environment where victims feel confident in reporting incidents.

To achieve this, we will:

- Challenge any form of derogatory or sexualised language or inappropriate behaviour between peers, including requesting or sending sexual images
- Be vigilant to issues that particularly affect different genders – for example, sexualised or aggressive touching or grabbing towards female students, and initiation or hazing type violence with respect to boys
- Ensure our curriculum helps to educate students about appropriate behaviour and consent
- Ensure students are able to easily and confidently report abuse using our reporting systems
- Ensure staff reassure victims that they are being taken seriously
- Be alert to reports of sexual violence and/or harassment that may point to environmental or systemic problems that could be addressed by updating policies, processes and the curriculum, or could reflect wider issues in the local area that should be shared with safeguarding partners
- Support children who have witnessed sexual violence, especially rape or assault by penetration. We will do all we can to make sure the victim, alleged perpetrator(s) and any witnesses are not bullied or harassed
- Consider intrafamilial harms and any necessary support for siblings following a report of sexual violence and/or harassment

At Newfield staff are trained to understand:

- How to recognise the indicators and signs of child-on-child abuse, and know how to identify it and respond to reports
- That even if there are no reports of child-on-child abuse in school, it does not mean it is not happening – staff should maintain an attitude of “it could happen here”
- That if they have any concerns about a child’s welfare, they should act on them immediately rather than wait to be told, and that victims may not always make a direct report.
- That certain children may face additional barriers to telling someone because of their vulnerability, disability, gender, ethnicity and/or sexual orientation
- That a student harming a peer could be a sign that the child is being abused themselves, and that this would fall under the scope of this policy
- The important role they have to play in preventing child-on-child abuse and responding where they believe a child may be at risk from it

- That they should speak to the DSL if they have any concerns
- That social media is likely to play a role in the fall-out from any incident or alleged incident, including for potential contact between the victim, alleged perpetrator(s) and friends from either side.

The DSL will take the lead role in any disciplining of the alleged perpetrator(s) in line with the Consistent Discipline Model Policy. We will provide support at the same time as taking any disciplinary action.

Disciplinary action can be taken while other investigations are going on, e.g. by the police. The fact that another body is investigating or has investigated an incident doesn't (in itself) prevent our school from coming to its own conclusion about what happened and imposing a penalty accordingly. We will consider these matters on a case-by-case basis, taking into account whether:

- Taking action would prejudice an investigation and/or subsequent prosecution – we will liaise with the police and/or LA children's social care to determine this
- There are circumstances that make it unreasonable or irrational for us to reach our own view about what happened while an independent investigation is ongoing

2.5 SERIOUS VIOLENCE & CRIMINAL EXPLOITATION

Newfield School works with partner agencies to identify young people who are at risk of criminal exploitation. If a student is seen to be at risk then a referral will be made the safeguarding hub.

Keeping Children Safe in Education 2023 states that:

All staff should be aware of indicators, which may signal that students are at risk from, or are involved with serious violent crime.

These may include;

- Increased absence from school.
- A change in friendships or relationships with older individuals or groups.
- A significant decline in performance.
- Signs of self-harm.
- A significant change in wellbeing.
- Signs of assault or unexplained injuries.
- Unexplained gifts or new possessions could also indicate that students have been approached by, or are involved with, individuals associated with criminal networks or gangs.

2.6 SHARING OF NUDES AND SEMI-NUDES ('SEXTING')

The guidance for the policy is based on [guidance from the UK Council for Internet Safety](#)

All staff – At Newfield all staff are trained in their responsibilities in this area. Staff must report all issues in relation to the sharing of nudes or semi-nudes to the safeguarding team immediately.

Staff must not:

- View, copy, print, share, store or save the imagery yourself, or ask a student to share or download it (if you have already viewed the imagery by accident, you must report this to the DSL)
- Delete the imagery or ask the student to delete it
- Ask the student(s) who are involved in the incident to disclose information regarding the imagery (this is the DSL's responsibility)
- Share information about the incident with other members of staff, the student(s) it involves or their, or other, parents and/or carers
- Say or do anything to blame or shame any young people involved

Following a report of an incident, the DSL will hold an initial review meeting with appropriate school staff – this may include the staff member who reported the incident and the safeguarding or leadership team that deals with safeguarding concerns. This meeting will consider the initial evidence and aim to determine:

- Whether there is an immediate risk to student(s)
- If a referral needs to be made to the police and/or children's social care
- If it is necessary to view the image(s) in order to safeguard the young person (in most cases, images or videos should not be viewed)
- What further information is required to decide on the best response
- Whether the image(s) has been shared widely and via what services and/or platforms (this may be unknown)
- Whether immediate action should be taken to delete or remove images or videos from devices or online services
- Any relevant facts about the students involved which would influence risk assessment
- If there is a need to contact another school, college, setting or individual
- Whether to contact parents or carers of the students involved (in most cases parents/carers should be involved)

The DSL will make an immediate referral to police and/or children's social care if:

- The incident involves an adult
- There is reason to believe that a young person has been coerced, blackmailed or groomed, or if there are concerns about their capacity to consent (for example, owing to special educational needs)
- What the DSL knows about the images or videos suggests the content depicts sexual acts which are unusual for the young person's developmental stage, or are violent
- The imagery involves sexual acts and any student in the images or videos is under 13
- The DSL has reason to believe a student is at immediate risk of harm owing to the sharing of

nudes and semi-nudes (for example, the young person is presenting as suicidal or self-harming)

If none of the above apply then the DSL, in consultation with the headteacher and other members of staff as appropriate, may decide to respond to the incident without involving the police or children's social care.

Informing parents/carers. The DSL will inform parents/carers at an early stage and keep them involved in the process, unless there is a good reason to believe that involving them would put the student at risk of harm.

2.7 ABUSE AND NEGLECT

Read this section in conjunction with KCSIE 2023

Knowing what to look for is vital to the early identification of abuse and neglect. All staff should be aware of indicators of abuse and neglect so that they are able to identify cases of students who may be in need of help or protection. If staff are unsure, they should always speak to the designated safeguarding lead (or deputy).

All Newfield staff should be aware that abuse, neglect and safeguarding issues are rarely stand-alone events that can be covered by one definition or label. In most cases, multiple issues will overlap with one another.

All staff should be aware that safeguarding incidents and/or behaviours can be associated with factors outside the school or college and/or can occur between students outside of these environments. All staff, but especially the designated safeguarding lead (and deputies) should consider whether students are at risk of abuse or exploitation in situations outside their families. Extra-familial harms take a variety of different forms and students can be susceptible to multiple harms including (but not limited to) sexual exploitation, criminal exploitation, and serious youth violence.

Indicators of abuse and neglect

Abuse: a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Students may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. Students may be abused by an adult or adults or by another child or students.

Physical abuse: a form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Emotional abuse: the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on students. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning, or preventing the child from participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing students frequently to feel frightened or in danger, or the exploitation or corruption of students. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Sexual abuse: involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving students in looking at, or in the production of, sexual images, watching sexual activities, encouraging students to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse can take place online, and technology can be used to facilitate offline abuse. Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other students. The sexual abuse of students by other students is a specific safeguarding issue in education

Neglect: the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy, for example, as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

2.8 CHILD SEXUAL EXPLOITATION (CSE) AND CHILD CRIMINAL EXPLOITATION (CCE)

Both CSE and CCE are forms of abuse and both occur where an individual or group takes advantage of an imbalance in power to coerce, manipulate or deceive a child into sexual or criminal activity. Whilst age may be the most obvious, this power imbalance can also be due to a range of other factors including gender, sexual identity, cognitive ability, physical strength, status, and access to economic or other resources. In some cases, the abuse will be in exchange for something the victim needs or wants and/or will be to the financial benefit or other advantage (such as increased status) of the perpetrator or facilitator. The abuse can be perpetrated by individuals or groups, males or females, and students or adults. The abuse can be a one-off occurrence or a series of incidents over

time, and range from opportunistic to complex organised abuse. It can involve force and/or enticement-based methods of compliance and may, or may not, be accompanied by violence or threats of violence. Victims can be exploited even when activity appears consensual and it should be noted exploitation as well as being physical can be facilitated and/or take place online.

- Up skirting, which typically involves taking a picture under a person's clothing without them knowing, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress or alarm
- Sharing of nudes and semi-nudes (also known as youth produced sexual imagery)
- Initiation/hazing type violence and rituals

2.9 PRIVATE FOSTERING

A private fostering arrangement is one that is made privately (without the involvement of a local authority) for the care of a child under the age of 16 years (under 18, if disabled) by someone other than a parent or close relative, in their own home, with the intention that it should last for 28 days or more.

The school keeps updated records of students who are privately fostered and informs the Local Authority in line with Local authority guidelines of these arrangements. Where appropriate this information will be shared with all staff. Students who are privately fostered have access to support from the Heads of Year.

2.10 OPERATION ENCOMPASS – DOMESTIC VIOLENCE

Newfield School is working alongside South Yorkshire Police on Operation Encompass. Newfield has identified key staff within the safeguarding team to act as links for the initiative. Newfield has trained key adult in school (The DSL and DDSL) who will be notified preferably PRIOR to the start of the next school day that a child has experienced or maybe affected by an incident of Domestic Abuse that the police have attended.

The DSL or their deputy will be the person available each day to receive the details of the Incident and assess the type of support needed for the child;

Where there are incidents where students are living at the home and aged between 4 and 18 years old, the school that the child or young person attends, will be contacted/emailed by a member of staff in the safeguarding hub information will be passed to the DSL.

The information should be treated in the same way as other Child Protection disclosures. Newfield School will then be in an informed position to support them in a way that is right for that particular child or young person, either with silent or overt support.

Interventions by school staff should be in response to the actions or disclosures of the child. Discussions should not be initiated with parents or the child in relation to the disclosure by the police.

3.0 PROCEDURES

3.1 SUPPORTING STUDENTS AND YOUNG PEOPLE AT RISK

All staff should have an awareness of safeguarding issues that can put students at risk of harm. Behaviours linked to issues such as drug taking, alcohol abuse, deliberately missing education and sharing of nudes and semi-nudes (also known as youth produced sexual imagery) put students in danger.

Newfield School recognises the importance of reassuring victims that they are being taken seriously and will be supported to keep safe. Our school recognises that students who are abused or who witness violence may find it difficult to develop a sense of self-worth and to view the world in a positive way. The school may be the only stable, secure and predictable element in the lives of students at risk. Whilst at school, their behaviour may still be challenging and defiant and there may even be moves to consider suspension or exclusion from school.

Some students who have experienced abuse may in turn abuse others. This requires a considered, sensitive approach in order that the child can receive appropriate help and support.

Students with behavioural difficulties, students with special educational needs and/or disabilities, students absent from education and students who are looked after are most susceptible to abuse. Staff who work with students with profound and multiple disabilities, sensory impairment and/or emotional and behaviour problems need to be particularly sensitive to signs of abuse.

3.2 SPECIAL EDUCATION NEEDS

Newfield School identifies that students on the SEND register and with particular health conditions can face additional safeguarding challenges. Newfield School recognises the additional barriers that may exist when recognising abuse and neglect of this group of children which are detailed in KCSIE 2023:

- Assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's condition without further exploration
- These children being more prone to peer group isolation or bullying (including prejudice-based bullying) than other children
- The potential for children with SEND or certain medical conditions being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs
- Communication barriers and difficulties in managing or reporting these challenges

This school will endeavour to support students through:

- The curriculum, to encourage self-esteem and self-motivation
- The school ethos, which promotes a positive, supportive and secure environment and which gives all students and adults a sense of being respected and valued
- The implementation of school behaviour management policies
- A consistent approach, which recognises and separates the cause of behaviour from that which the child displays. This is vital to ensure that all students are supported within the school setting
- Regular liaison with other professionals and agencies that support the students and their families
- A commitment to working with local agencies in identification of students in need of early help
- A commitment to develop productive, supportive relationships with parents, whenever it is in the child's interests to do so
- The development and support of a responsive and knowledgeable staff group trained to respond appropriately in child protection situations

This policy should be read and used in conjunction with other related policies in school. These include:

- Anti-bullying Policy
- Attendance Policy
- Consistent Discipline Model Policy
- Behaviour Policy (which includes guidance in use of restraint)
- Online safety Policy
- Equalities Policy
- Whistle-blowing Policy
- Health and Safety Policy
- Volunteers Policy
- Trips and Visits Policy
- Intimate Care Policy
- Lockdown Policy
- Staff code of conduct
- Use of Social Media Policy
- Visitors policy and guidelines

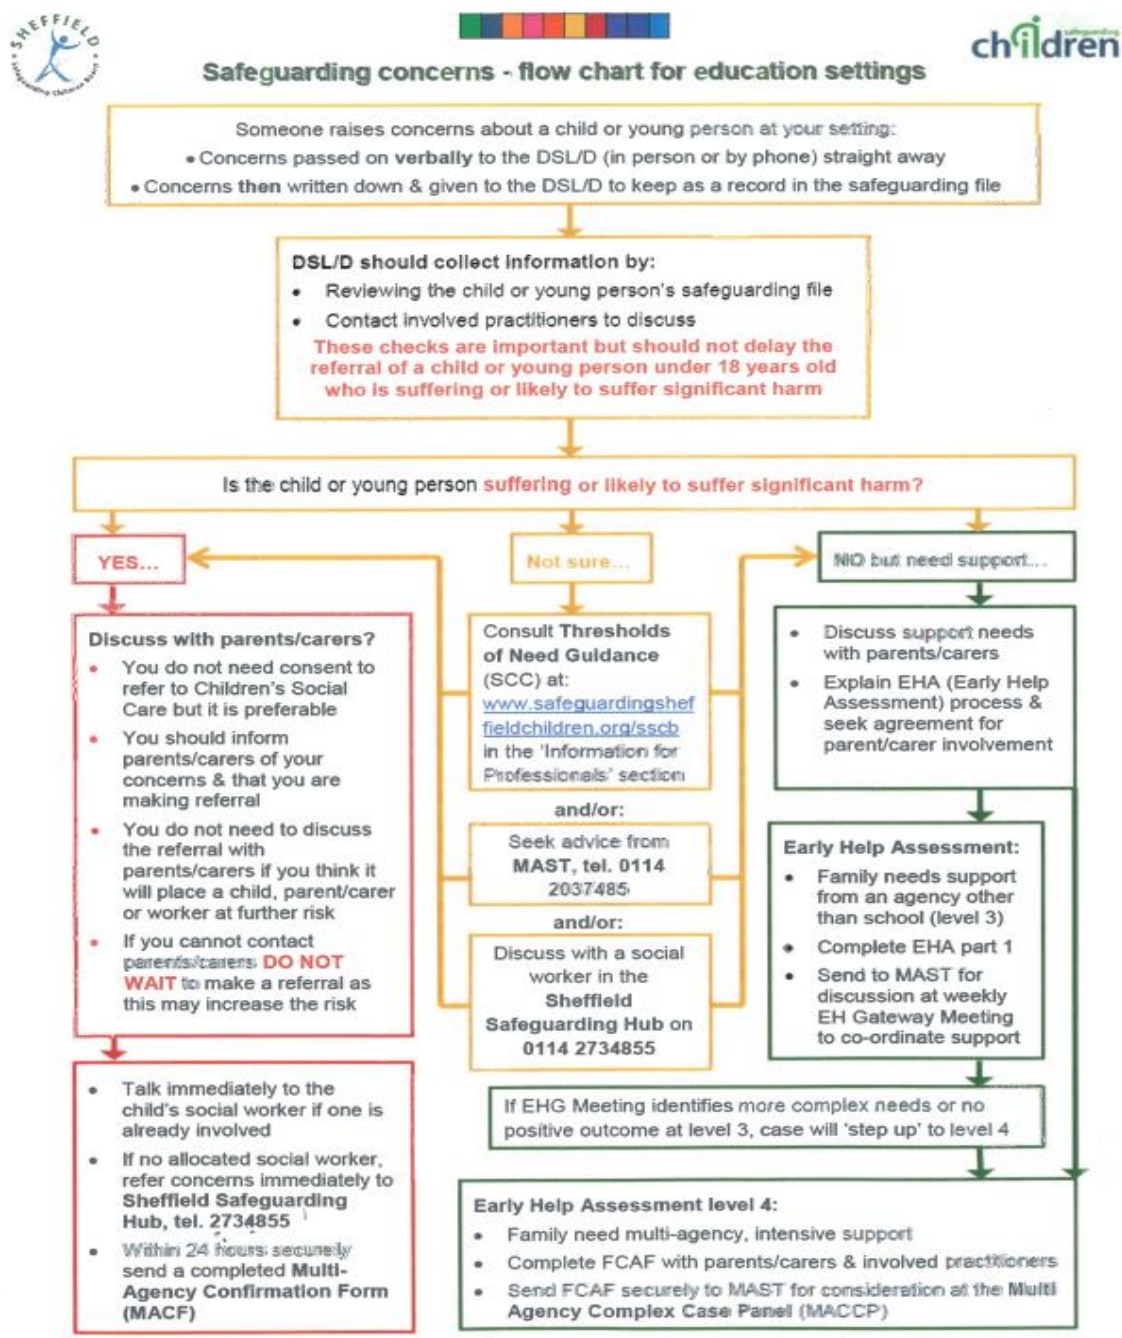

3.3 SAFEGUARDING CHILD PROTECTION ROLES AND RESPONSIBILITIES

All adults working with or on behalf of students have a responsibility to safeguard and promote the welfare of students. There are, however, key people within schools and the Local Authority who have specific responsibilities under child protection procedures. The names of those carrying these responsibilities for the current academic year are listed on the cover sheet of this document.

One member of our Senior Leadership Team is responsible for the implementation of appropriate procedures. This person also has deputies.

Our school (Headteacher/Local Governing Body) will ensure that these staff members have appropriate time and resources made available to them to enable them to fulfil their duties in this sensitive area.

Sheffield Children's Board – Flow chart for education settings

3.4 SAFEGUARDING SPECIALISTS

The DSL and DSDs will undertake specialist professional development and training around areas of need as determined by the need of the school and the Headteacher. These will include:-

- Online Safety
- Child Sexual Exploitation
- Child Criminal Exploitation
- Domestic Violence
- Living with substance misuse in the home
- Bereavement
- Self-harm
- Gangs and drugs
- PREVENT

3.5 PROFESSIONAL CONFIDENTIALITY

Confidentiality is an issue which needs to be discussed and fully understood by all those working with students, particularly in the context of child protection. Staff must make clear when talking to students that issues relating to their safety cannot be kept confidential. All child protection/safeguarding issues should be dealt with in a confidential manner. The DSL and Headteacher will decide which members of staff, if any, need to be informed of the case. The only purpose of confidentiality in this respect is to benefit the child.

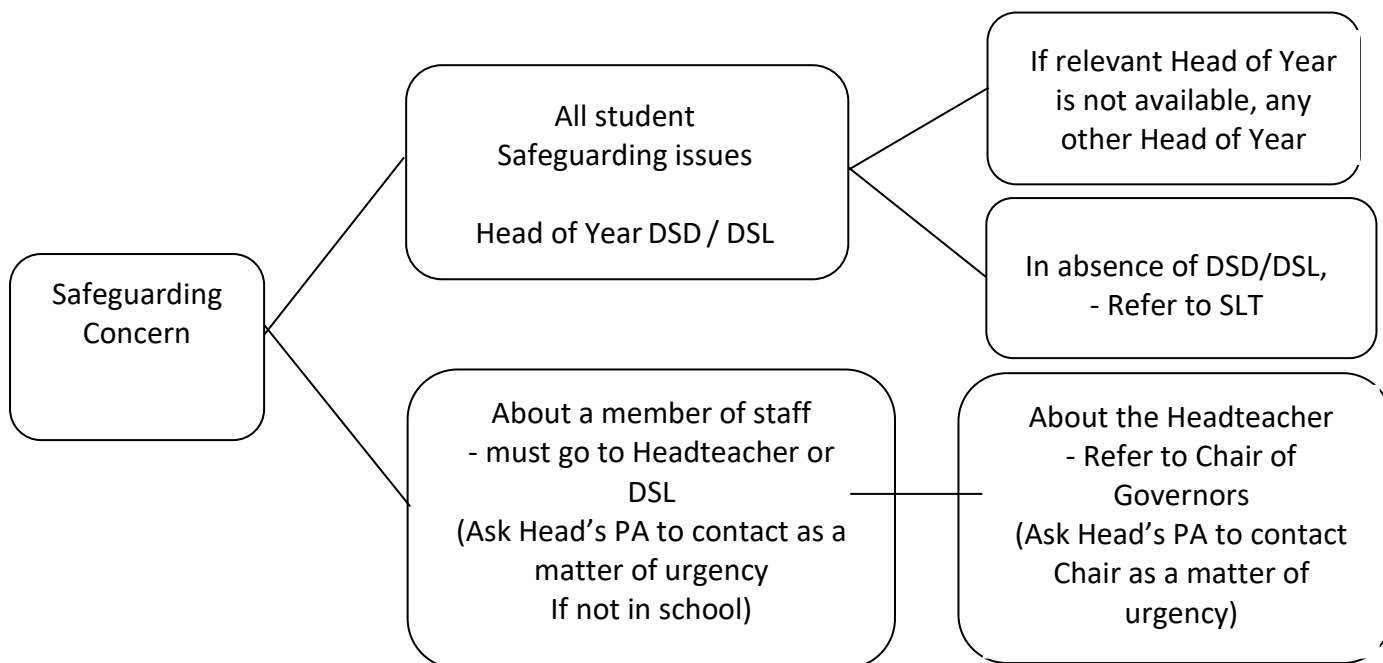

‘The Data Protection Act 2018 and GDPR should not prevent, or limit, the sharing of information for the purposes of keeping children safe.’ ‘This includes allowing practitioners to share information without consent.’

3.6 RECORDING INFORMATION

When expressing a concern, or relaying an allegation, you must first pass this onto the DSL or DSD in person and then enter a timed and dated report onto CPOMS.

3.7 CHILD PROTECTION PROCEDURES

All safeguarding concerns must go through the head of year who are trained in advanced safeguarding and are designated safeguarding deputies

Records and Monitoring

Well-kept records are essential to good child protection practice. Our school is clear about the need to record any concerns held about a child or students within our school, the status of such records and when these records should be passed over to other agencies. CPOMS (Child Protection Online Monitoring System) must be used to record safeguarding concerns. The DSL and DSDs will conduct regular audits of records on CPOMS.

The DSL has the responsibility for ensuring effective file transfers take place between educational establishments. The DSL is responsible for ensuring all staff follow local procedures for secure file transfers and documents must be sent via SFX (Secure file Transfer), Anycomms (Secure file transfer) or CPOMS.

Where it is believed that a child is suffering from, or is at risk of, significant harm, we will follow the procedures set out in the Area Child Protection Committees' Procedures. Staff in schools are ideally placed to notice changes in students' behaviour or to observe injuries, both of which could be indicators of abuse. As trusted adults, students may tell you they are being abused. Sheffield Local Authority has laid down guidelines to be followed in relation to child protection. It is important that we are all familiar with them and follow them rigorously.

Thresholds of need:

Newfield School will follow guidance from the Sheffield Children's Board around the thresholds of need. All child protection concerns will be categorised with a level of need. These are identified as:-

Threshold 1 – Universal Need – All students are at this level. This is for when information is received but requires no further action.

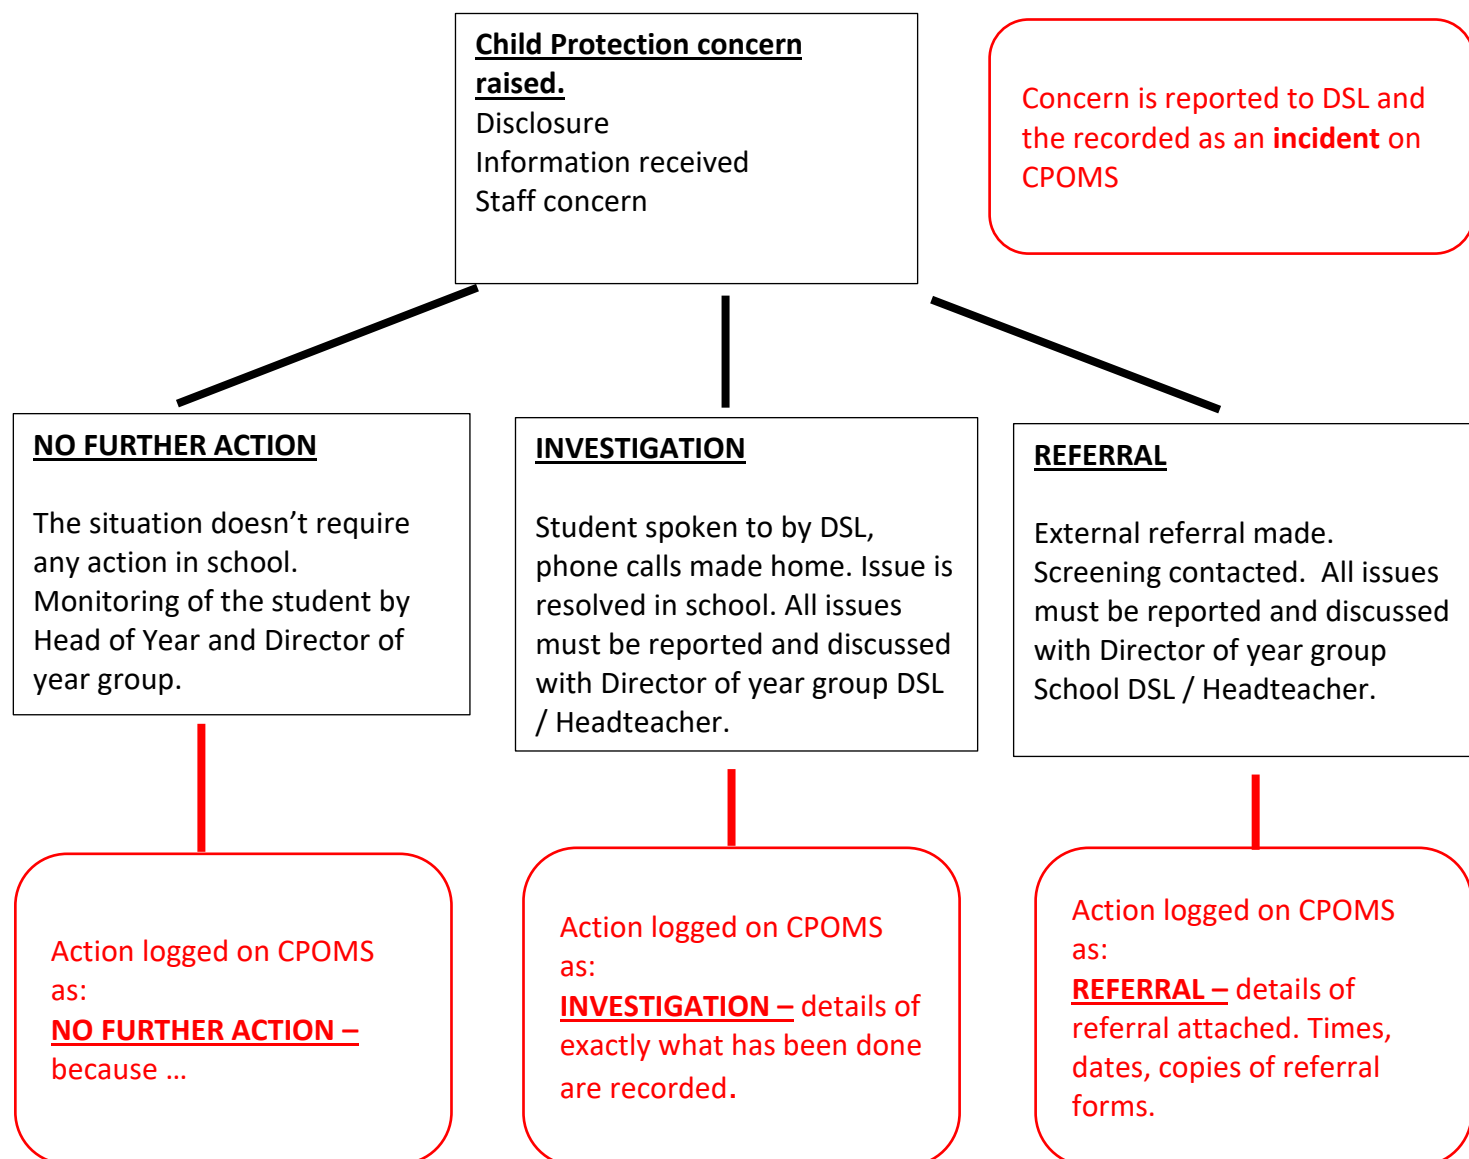

Threshold 2 – Universal Plus – Where intervention has taken place in school to address a concern. This should include a parent meeting or phone call and a conversation with the student.

Threshold 3 – Partnership Plus – This involves direct engagement and co-ordinated support with school and one external agency. This could include; FIS early help, CYT, GP, Child and Adolescent Mental health Services (CAMHS).

Threshold 4 – Targeted Complex – A co-ordinated multi-agency approach is required in line with local procedures and guidelines. This could include; Child in Need plans, Multi-agency meetings.

Threshold 5 – Acute / Specialist – There is an immediate risk of significant harm. Section 47 is needed. School will take part in a strategy meeting at the Sheffield Safeguarding Hub. School will follow guidance from the lead agencies at this time.

Responding to a child protection concern

3.7 TRAINING AND SUPPORT

Our school will ensure that the Headteacher, the Designated Safeguarding Lead (DSL), Deputy Safeguarding Deputies (DSDs), the full staff body and the governing body attend training relevant to their role.

All staff will receive and be able to access Child Protection training relevant and appropriate to their role and as a minimum requirement attend compulsory induction training when joining the school, complete statutory basic training every 3 years and in-house safeguarding training to reflect updated safeguarding guidance. Regular staff briefings will take place to reflect relevant issues from within our school context. This will include training in procedures to follow, signs of safety and

appropriate record keeping.

All staff, whether paid or unpaid, have access to appropriate training in order that they are able to react appropriately should an incident occur. All staff will be trained to recognise and respond to situations where a child may be considered to be at risk or to identify where a child may require early help.

3.8 RESPONDING TO SUSPICION OR ALLEGATION OF ABUSE

We have clear procedures to respond to two situations:

- Suspicion of abuse
- Allegation of abuse

In both situations it is vital to make a detailed record, including student name, form and any relevant dates and times, any other people who were present when the allegation was made, the actions taken by you, anything which you have been told and so on. The record should be factual, dated and should include the time at which it was written.

Suspicion of Abuse

You may develop a concern that a student may be suffering, or is likely to suffer harm. S/he may exhibit certain of the signs listed, or her/his behaviour may change with no satisfactory explanation. Share your concerns with a **member of the safeguarding team**, who will discuss the appropriate course of action.

Allegation of Abuse

If a student tells you that s/he is suffering significant harm or his/her explanation of a physical injury is that it has been caused by someone else, this is an allegation of abuse. Any allegation will need to be investigated by the appropriate safeguarding authority and/or the Police.

What to do:

- Take the child seriously. It is rare for students to make false accusations, particularly of sexual abuse.
- Make time straight away for the child to talk to you in private. If this presents difficulties over cover for a class, inform the DSL / DSD or any member of SLT.

When talking with the child:

- Stay calm and reassuring
- Explain that you cannot promise to keep what the child tells you a secret
- Tell the child you might need to get someone else to help
- Allow the child time and space to talk
- Listen to, and take seriously, what the child tells you
- Tell them that whatever the circumstances, they are not to blame
- Do not interrogate the child, but check out in a non-leading way that you are receiving a correct

message

- Reassure the child that they have done the right thing in telling someone
- Ask the child if they have told anyone else
- Do not make any promises to the child
- Inform a member of the safeguarding team or the Headteacher.
- Write down everything the child told you, date and time of the account and give it to the person to whom you have referred the allegation. This account must then be passed on to the DSL / DSD for the Child Protection file.
- As the person the child has entrusted in disclosing information it may be appropriate for you to continue to support the child, for example by being involved with any case conference that may follow. You will be kept informed as to the outcome of any disclosure.
- **Confidentiality is vital.** The DSL and Headteacher will decide which other staff, if any, need to know of the case.
- Do not contact anyone with parental responsibility until agreed by the investigating agency.
- Any member of staff can make a referral to the Sheffield Safeguarding Hub, 0114 2734855, if they are concerned that a child is suffering or likely to suffer harm.
- Any member of staff can, in line with the 'Whistle-blowing' policy, contact the LADO (Local Authority Designated Officer) on 0114 2734850.

Procedures for deputy safeguarding deputies:

Where a member of staff relays a suspicion that a student may be at risk

- Establish clearly with the member of staff the identity of the child concerned. Record the name, form, address and date of birth of the student, where they are, who is with them and how they are.
- Ensure that there is a timed and dated record of any concerns from the member of staff. This should be passed to the DSL for inclusion in the Child Protection file and logged on CPOMS.

If the child is already known to be on the register:

If we know that the child is on the register, then we should be aware of their current situation (e.g. who their key worker is). Depending on the nature of the suspicion, it may be appropriate to contact the key worker, via Social Care or do nothing other than reassure the teacher that we are aware that there is some basis to their concerns and that support is being offered to the child.

If the child is not known to the child protection register:

We will use our professional judgement in deciding on a course of action. Depending on the nature of the concern we may:

- Decide to keep a watching brief
- Seek advice from The Sheffield Safeguarding Hub – (0114 2734855 Option 3)
- We will keep a record of all contacts with external agencies
- Whether or not we decide to make a referral, we will see the teacher concerned, inform them of what is happening and reassure them that they did the right thing in relaying and recording their concerns
- All referrals are recorded on CPOMS and the outcome of a referral to any external agency is

recorded.

When a student alleges abuse

If appropriate, ensure that a trusted adult stays with the child. If this presents any difficulty over cover, inform any member of Senior Leadership Team / DSL / DSD.

In the case of physical abuse injury, a first aider along with a member of the safeguarding team should see the student. If there is any evidence of physical injury such as cuts, grazes or bruising then make a sketch jointly with the first aider, being specific about location and size and record this on CPOMS using the body map function. Involvement of a first aider must be done discreetly. Too much questioning of the child could prejudice any possible court case. The DSL / DSD will take responsibility for the referral.

Before referral, ensure that we have the following information:

- Details of the child - name, address, date of birth, family doctor, names and addresses of anyone with parental responsibility
- Details of the concern - description of injuries/circumstances which are causing concern
- Details of any explanation or comment from the child
- Condition, location and expectations of the child
- Information given to parents/carer, if any
- Any background information
- Check the Child Protection register. If the child is known to the register, then the member of the safeguarding team will contact the appropriate key worker
- If the child is not known to the register, a referral must be made to the Duty Principal Social Worker of the Children and Families team of the division in which the child lives. If in doubt about which is the correct division, phone Safeguarding Children Advisors (FIS advice - 0114 2037485, The Sheffield Safeguarding Hub – 0114 2734855).

Following a referral, we will act on the advice of the Social Care Team.

If the safeguarding team are concerned about any response, or lack of response, from Social Care, a member of the safeguarding team will contact the Safeguarding Children Advisors and refer to the Resolution of Practitioner Disagreements as set out by Sheffield Safeguarding Children Board.

Procedures to follow if an allegation is made against a member of staff

If an adult in school receives an allegation of harm by a member of staff towards a child or young person, the allegation:

- Must be reported immediately to the Headteacher (**not the DSL unless they are the same person**)
- If the allegation is against the Headteacher it must be reported immediately to the Chair of Governors
- Must not be discussed with anyone else in the school or elsewhere, unless required to do so as part of an investigation or given permission to do so by the Headteacher
- Must be investigated under the procedures as set in the DFE statutory guidance 'Keeping children safe in education' September 2023
- All such allegations will be discussed immediately with the Sheffield Safeguarding Children Advisors

(0114 2734855), who act on behalf of the Local Authority Designated Officer (LADO).

- The employer and the LADO will plan the best course of action to investigate the allegation and decide which other parties to involve where appropriate, eg. Police, HR, etc. The purpose of these procedures is to:
- Improve consistency of reporting and investigation across all agencies
- Enable long term recording of allegations and outcomes for the benefit of the child, young person and adults involved
- Enable the Advisory Service to monitor allegations and determine if there are general issues to address

3.9 EFFECTIVE CHALLENGE AND ESCALATION

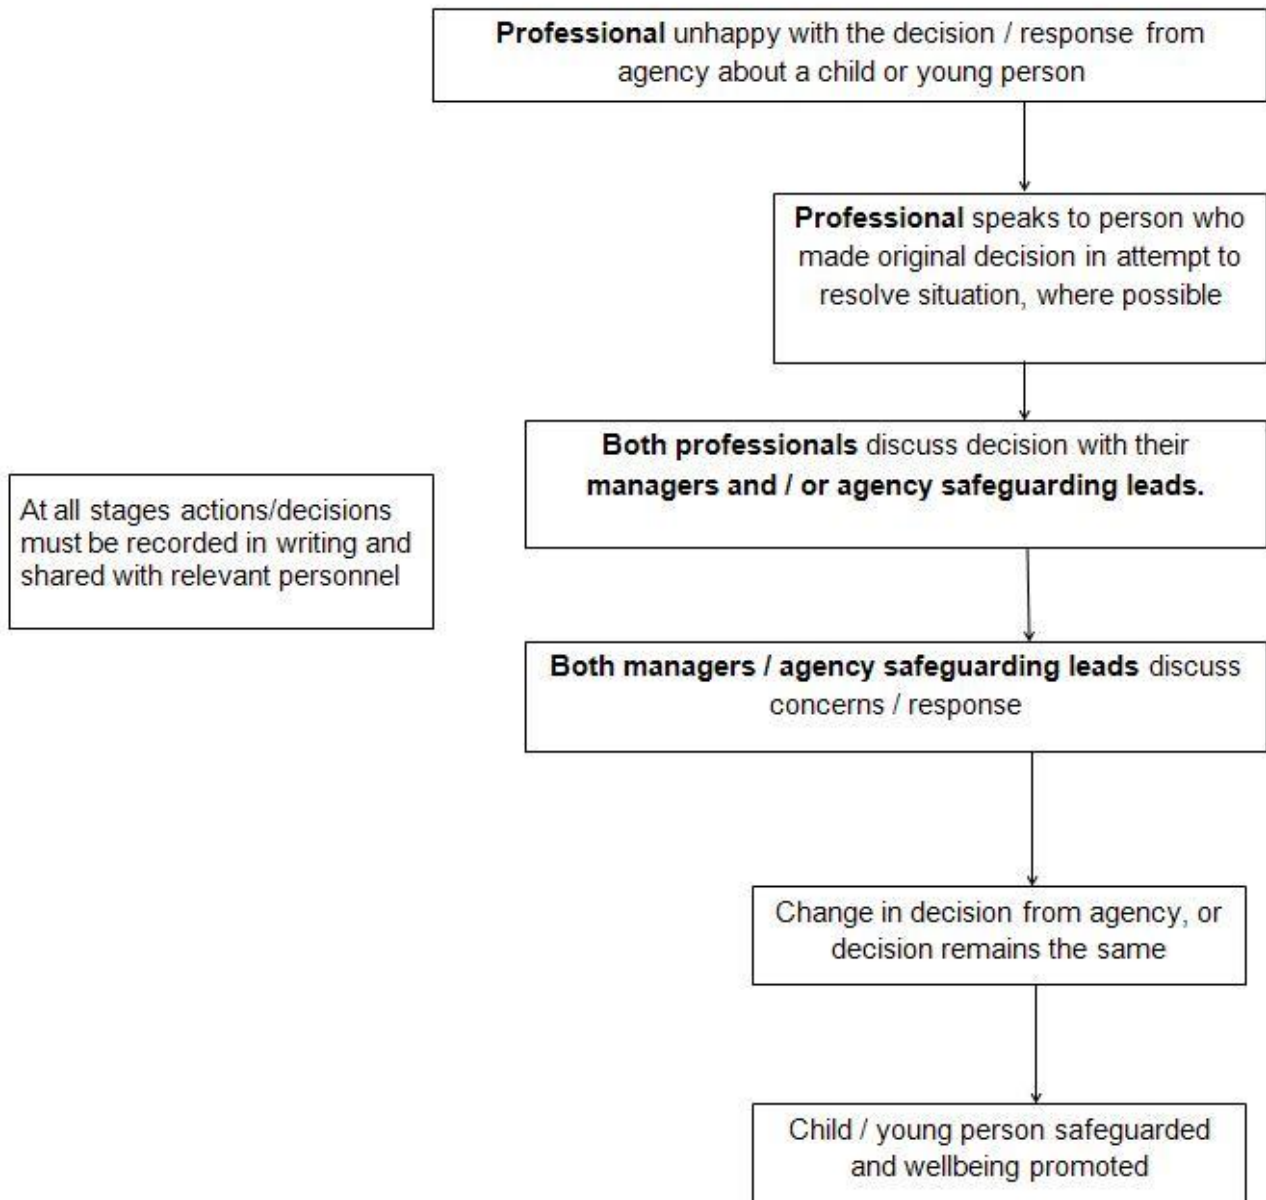

Our school understands that when working in the arena of safeguarding and child protection, it is inevitable that from time to time there will be professional disagreement between agencies. We will take any action necessary to resolve disagreements in a timely and constructive fashion that promotes the best outcomes for the students involved.

Where disagreements cannot be resolved between the practitioners involved we will use the process of challenge and escalation as set out in the Sheffield Safeguarding Children Board Effective Challenge and Escalation procedure and will seek advice from the Sheffield **Safeguarding Children Advisory Service**.

Resolution of Practitioner Disagreements

Staff at Newfield School will always work collaboratively with partner agencies to best meet the needs of students and their families. If in the rare occurrence that a professional disagreement occurs, guidance from Sheffield Children Safeguarding Partnership will be sought. The following flow diagram summarises this process.

Resolving professional disagreement flow chart (a): Quick decision required

This process does not have to be followed in full. Disagreements can be resolved at any stage

3.10 ATTENDANCE

Where a child is expected but does not arrive at school, we will follow our attendance procedure and attempt to contact the family. The DSL will make all contact for student absences on a daily basis.

The DSL or a deputy will attempt to contact the parents through various methods, such as telephone or by contact a relative in the first instance. If contact cannot be made or if the DSL or a deputy DSL a referral will be made to the school's link FIS worker. See below. Where a susceptible child does not take up their place, we will notify their social worker.

Newfield School works with the local authority and complies with Children Absent from Education guidelines within the local authority. Newfield Schools' attendance team will submit a Children Absent from Education form when students have been absent for 10 consecutive days and we have been unable to make contact through phone calls and home visits during this time. Newfield School will then continue to monitor this situation and attempt to make contact with families after the 15 day period.

3.11 VISITORS INTO SCHOOL

The school operates a coloured lanyard system for all external visitors into school.

Red – This visitor is not DBS checked and must be supervised by school staff at all times. If found unsupervised they must be escorted to reception immediately and the DSL or Headteacher informed.

Green – This visitor to school has been DBS checked and is allowed unsupervised access around school.

Black – This is a trust member of staff and has a DBS check and is identified on the school's SCR

Grey – This identifies Newfield School staff and must be worn at all times.

Purple – This identifies Talbot School staff who are DBS checked who can use the ground floor only to access Talbot School and have.

3.12 SAFER RECRUITMENT AT NEWFIELD SCHOOL

Newfield School creates a culture of safer recruitment which includes the adoption of rigorous recruitment procedures that help deter, reject or identify people who may pose risk of harm to or abuse students.

Governors understand their responsibility to ensure safe recruitment checks are made.

Newfield School keeps an up to date Single Central Record (SCR). This includes the following information:

- All staff (including supply staff) who work in the school
- All others who work in regular contact with students in the school including volunteers

- Local Governing Body governors

All recruitment includes members of the senior team, staff or governors who have completed 'Safer Recruitment' training.

Recruitment checks are carried out in line with the statutory DfE guidance as set out in 'Keeping Children Safe In Education' September 2023

The following flow diagram summarises the required DBS and barred list checks for those working in schools and colleges.

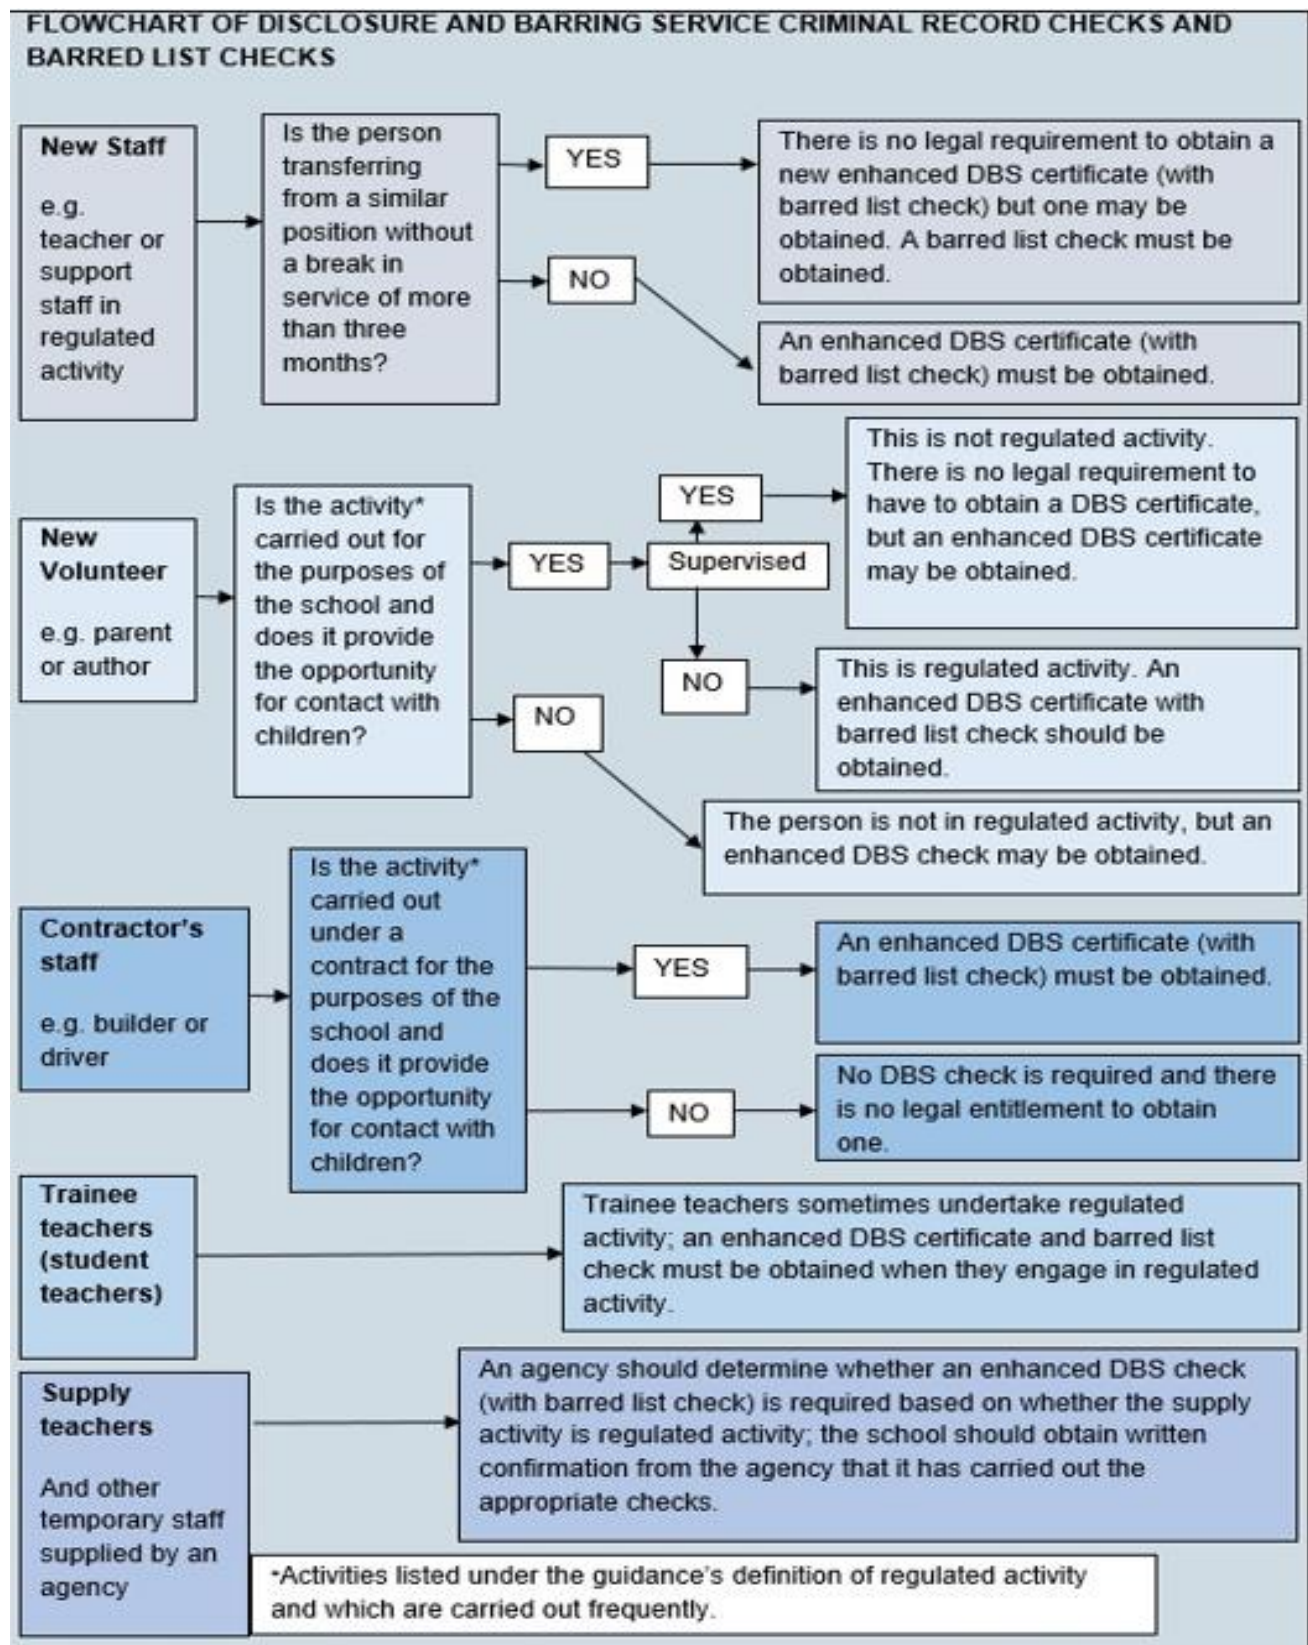

Staff receive a comprehensive safeguarding induction from the DSL on appointment as part of their wider school induction as well as undertake basic/advanced safeguarding training as appropriate.

Supply Staff

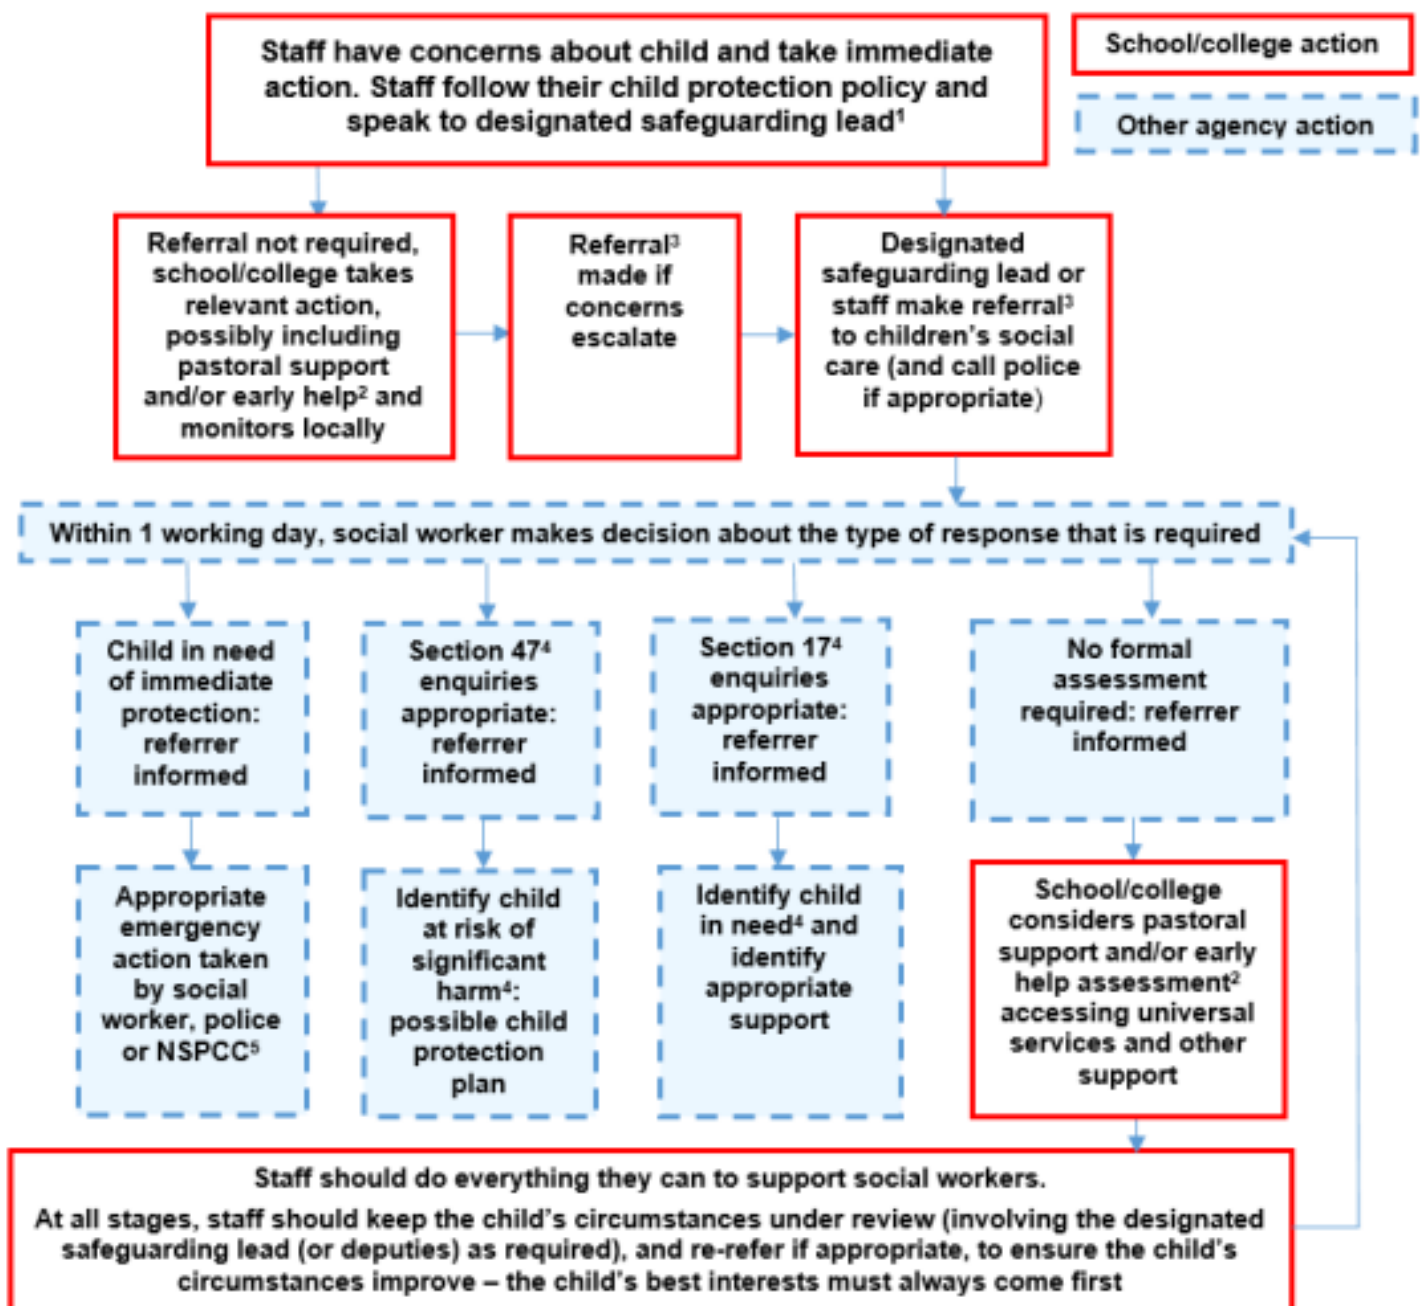

Newfield School follows procedures set out in KCSIE 2023. If staff have safeguarding concerns or an allegation is made about another member of staff (including supply staff and volunteers) posing a risk of harm to children, then:

- this should be referred to the headteacher or principal;
- where there are concerns/allegations about the headteacher or principal, this should be referred to the chair of governors, chair of the management committee or proprietor of an independent school; and
- in the event of concerns/allegations about the headteacher, where the headteacher is also the sole proprietor of an independent school, this should be reported directly to the local authority designated officer(s) (LADOs).
